

MONUMENT TO LOGAN.

Equestrian Statue of "Black Jack" Unveiled at Washington.

CITIZEN, SOLDIER AND STATESMAN.

Magnificent Creation of a Gifted Sculptor Erected in Iowa Circle in Memory of an American Patriot and Hero.

Washington, April 9.—The magnificent equestrian statue of General John A. Logan erected in Iowa circle in memory of the distinguished warrior and statesman by his comrades in arms and by the people whom he served so well, was unveiled in presence of an immense assemblage, including President McKinley, members of his cabinet, surviving members of General Logan's family, and many persons eminent in the military and civil life of the nation.

A grandson of the famous soldier, Master George Tucker, drew the silken cord which released the fluttering flags that draped the statue, and disclosed to view the heroic bronze figure.

At 1:30 p. m. an imposing military parade, of which Colonel Francis L. Guenther of the Fourth artillery was grand marshal, was formed on Pennsylvania avenue in front of the White House, and thence escorted the president and other participants in the ceremony to Iowa circle. Many veteran organizations of both the civil and Spanish wars marched by separate routes to the scene of the unveiling. Music for the occasion was furnished by the Fourth artillery band.

General Grenville M. Dodge, president of the Society of the Army of the Tennessee, presided at the ceremony in Iowa circle. After the invocation by the Rev. Frank M. Bristol, the president's pastor, General Dodge presented the sculptor, Franklin Simmons. Master Tucker released the clinging draperies of the statue, and the splendid work was disclosed. Following a brief introduction by General Dodge, President McKinley delivered an address. The oration of the day was delivered by Senator Chauncey M. Depew. The ceremony was concluded with a benediction by the Rev. Dr. J. G. Buttler.

The statue represents seven years of labor by Franklin Simmons, the sculptor, and marks a departure in sculpture in Washington in that it rests upon a pedestal of bronze. Congress appropriated \$50,000 for the statue and \$15,000 was contributed by the Grand Army of the Republic. The pedestal is 20 feet high. On its west face is a group representing General Logan in consultation with leading officers of the Army of the Tennessee. In this group are portrait bronzes of Generals Dodge, Hazen, Slocum, Leggett, Mower, Blair and Captain Strong. On the east face of the pedestal is a group representing General Logan taking the oath as United States senator, which is being administered by Vice President Arthur. In this group are portrait bronzes of Senators Culom, Evarts, Conklin, Morton, Miller, Voorhees and Thurman. The south front of the pedestal is embellished with an allegorical figure of war, and on the north with another of peace.

The equestrian statue rises above the pedestal 14½ feet. General Logan, facing south, is represented as riding along a line of battle, his horse moving forward at a gentle trot, his hat on and sword drawn. The statue produces an impression of dignity, beauty and power. Humbert, late king of Italy, after a private view of the monument, knighted Mr. Simmons.

Boers, Britons and Mules.

New Orleans, April 9.—The suit of the Boer representatives here against the agents of the steamship Anglo-Australian to prevent the shipment of mules and horses through New Orleans to South Africa for the use of the British army against the Boers, was taken up for trial before Judge Parlange of the United States circuit court. General Pearson of the Boer army and a number of British army officers were included in the large attendance of spectators. Proceedings were opened with depositions on the part of defendants, in which they denied that they were carrying munitions of war; that their vessels were not armed to repel attack, and that they were simply engaged in peaceful transportation pursuits.

Cabinet Meeting.

Washington, April 9.—The cabinet meeting lasted about an hour. Mr. Knox, the new attorney general, was presented to his colleagues. Much of the time of the meeting was given up to discussion of the indemnity which the powers are demanding of China. No official confirmation has been received by the government of the reported rejection of the Platt amend-

ment by the Cuban constitutional convention. The matter was discussed by the cabinet, and it was considered strange that General Wood had not communicated so important a fact if it were true.

PETITION FROM PORTO RICANS.

Workmen of the Island Complain of Existing Conditions.

New York, April 9.—Senor Santiago Iglesias, delegate of the Federation of Labor of Porto Rico, who arrived on the steamer Ponce from San Juan, is the bearer of the petition from the workmen of Porto Rico to President McKinley.

In this petition, which bears 6,000 signatures, the Porto Ricans say: "Misery, with all its horrible consequences, is spreading in our homes with wonderful rapidity. It has already reached such an extreme that many workers are starving to death, while others that have not the courage to see their mothers, wives, sisters and children perish by hunger, commit suicide by drowning themselves in the rivers or hanging themselves from branches of trees."

Grocers Confer.

Buffalo, April 9.—A special meeting of the executive board and finance committee of the National Association of the Retail Grocers of the United States was held at Niagara Falls. Matters of national importance, because they will affect every retail grocer in the United States, were discussed, but the conclusions and decisions reached will be kept secret several days. The meeting was held on the invitation of Henry D. Perky, president of the National Food company. Secretary Pfeiffer read the call for the meeting, stating that it related to the upbuilding and growth of the organization. Mr. Perky spoke. A committee was appointed to consider a proposition made by him and report later.

Strike in Hawaii.

San Francisco, April 9.—Late intelligence from Honolulu is to the effect that a general strike of mates of the vessels engaged in the inter-island trade has tied up many of the vessels. The mates employed by the Inter-Islands Steam Navigation company and the Wilder Steamship company on over 20 vessels have struck for higher wages. The men were only recently given United States certificates to allow them to fill the positions they occupy, and are about all the licensed mates here. They want the coast wages of \$90, \$75 and \$60 a month for first, second and third mates. They have been getting \$65, \$40 and \$30.

Policy of Delay.

Havana, April 9.—The Cuban constitutional convention did not meet owing to the absence of Senor Capote, its president. La Lucha, referring to the delay, says: "The convention is unwilling to accept or reject the Platt amendment. Three propositions on lines practically the same as the amendment have been rejected, but the convention refused to discuss the majority report of the committee on relations, which is diametrically opposed." It is intimated by La Lucha that the delegates are afraid of public opinion such as would be likely to result from decisive action on the amendment.

Receiver For Salt Company.

Cleveland, April 9.—A. L. Lampson, the attorney, was appointed receiver of the United States Salt company of this city. His bond was fixed at \$25,000. The National Salt company, otherwise known as the salt trust, recently secured a controlling interest in the local concern. J. M. Henderson, who applied for a receiver, avers in his petition that the National Salt company is endeavoring to wreck the Cleveland concern, in which Henderson is a shareholder.

Bulgarian Difficulties.

Sofia, April 9.—Recent arrests of Macedonian agitators have led to anti-government demonstrations. Meetings of protest have been held and excited crowds have made demonstrations in front of the police station. One of the men arrested fired several shots from his revolver before yielding.

Loubet Received Russians.

Nice, April 9.—The officers of the Russian squadron, which was at Toulon last week, returned to Nice. They landed at Villefranche and were received by President Loubet. In the evening M. Loubet gave a dinner in honor of the visiting Russians.

Called For Help.

Tripoli, April 9.—Advices from Benghazi state that the sultan of Wadal, finding himself against the rebellion now in progress, invoked the assistance of the French, which has been promised him.

French Premier Recovering.

Paris, April 9.—Waldeck-Rousseau, the premier, continues to improve. His condition is excellent and his rapid recovery is anticipated.

BOER CAPITAL TAKEN.

Plumer Rides Into Pietersburg With But Little Opposition.

BOERS VAMOSSED THE NIGHT BEFORE.

Northern Railway in Control of British. As Offset to This Cause For British Rejoicing Boers Surround and Capture British Cavalrymen.

London, April 9.—Lord Kitchener, reporting to the war office under date of Pretoria, April 8, says: "Plumer has occupied Pietersburg, with slight opposition. He captured two locomotives and 39 trucks."

The capture of Pietersburg is regarded here as important. The place is the terminus of the railway, and has been the capital of the Boer government since the evacuation of Pretoria. The whole northern railway is now in the hands of the British.

According to Lord Kitchener's dispatch only one officer and one man were killed. The Boers evacuated the town during the night prior to Plumer's arrival, after blowing up two trucks laden with ammunition. Lord Kitchener further reports the capture of 16 prisoners, 50 horses, and the depot of war stores at Boshmanskop, Orange River colony.

As an offset, Lord Kitchener reports that a detachment of 100 men of the Fifth Lancers and Imperial Yeomanry were attacked by 400 Boers to the northward of Aberdeen, Cape colony, and that after several hours' fighting the British were surrounded and captured, with the exception of 25, who succeeded in making their escape.

Aguinaldo Signs His Manifesto.

Manila, April 9.—Although officials are uncommunicative, it is said Aguinaldo signed the peace manifesto this morning. Chief Justice Arellano drafted the document. Aguinaldo strongly objected to two clauses of the manifesto, and considerable argument was required to overcome his objections. Colonel Aba, the Filipino leader of Zamboanga province, with 13 officers, 83 men and 92 rifles, surrendered to Lieutenant Colonel Mancill C. Goodrell, commanding the marines stationed at Olongapo, on Subig bay. General Malvar, with about 300 men and as many rifles, is expected to surrender shortly at Silang, in Cavite province.

Pneumonia in Klondike.

Seattle, Wash., April 9.—Dawson passengers who arrived on the steamer City of Seattle say pneumonia is prevalent in the Klondike. Colonel J. C. McCook, United States consul for the Klondike, was very ill April 2, and had practically no chance of recovery. Frank J. Belcher, one of the richest men of the Klondike, recently died of the disease, just as he was about to leave for his home in Pennsylvania, where he proposed to retire on a fortune of at least \$600,000 which he accumulated in El Dorado district. A number of other deaths have resulted from the disease.

Spanish Drama Breeds Trouble.

Buenos Ayres, April 9.—Serious anti-clerical riots have occurred at San Pablo, in the state of Santiago del Estero, caused by the presentation of the Spanish drama "Electra," by Perez Galdes, which recently caused disturbances in Spain. There was great excitement during the performance, and at the end the audience marched out and rushed through the streets uttering cries against the clergy. They marched to the convent of San Beato and stoned it. The police finally dispersed the rioters and arrested many of the ringleaders.

Captain Chester Returns.

San Francisco, April 9.—Among the passengers on the steamship China from the orient were Captain Colby M. Chester, U. S. N., who took the battleship Kentucky to the Asiatic station via the Suez canal. He is returning home on waiting orders, and will proceed direct to Washington. Referring to the trip of the Kentucky, he said: "I was amused when I heard that my ship called at Smyrna to collect claims for the United States against the sultan of Turkey. We simply put in there to break our journey, and took the opportunity of going to Constantinople."

Des Moines, April 9.—William B. Martin, a mail messenger in the Des Moines postoffice here, was arrested on a charge of robbing the United States mails. Third and fourth-class mail matter has been missing here for months, and investigation, it is claimed, indicated the guilt of Martin.

Hamilton, O., April 9.—Linus Clawson, Jr., 32, principal of the public schools at Lindenwald, hanged himself in the loft of his barn. His young wife and mother cut him down. Efforts to resuscitate him failed. Ill health is the attributed cause.

BY REFERENDUM VOTE.

Employees of Jersey Central Ballot On Proposed Strike.

New York, April 9.—Employees of the Central Railroad of New Jersey balloted in secret on the strike question, and if two-thirds vote affirmatively they will leave their posts as soon as the result is officially declared and the approval of the national officers secured. The situation is critical and hinges entirely on the result of the ballot. A forecast of the result of the poll is well-nigh impossible. The men will not discuss the prospective strike outside of their lodge rooms. It is difficult to say when the result of the vote will be known. It is generally understood that the ballots will be collected by the local organizations and by them forwarded to the brotherhood chiefs. The impression has been created that the chiefs are not entirely in accord on all of the issues of the matters in dispute.

The company is also preparing for a struggle. Outside men to take the places of all who walk out are being assembled at convenient points along the lines and held in readiness for any emergency, and it is evident that if there is a strike the company will make a desperate effort to keep trains moving. It has been admitted by officials of the company that men have been engaged. Speaking for the company General Manager Warren said: "We have heard nothing further from the men, despite our willingness to treat with them, and as far as I know there is nothing new. I am informed that the men are balloting on the question of a strike, but don't know of anything personally that such is the case. We would regret trouble with our men, for I am sure we have no desire to be other than perfectly fair. I have no idea what the men will decide to do, but I hope they will be reasonable. Everything is moving along evenly and quietly on the lines."

This Division Favors Striking.

Wilkesbarre, Pa., April 9.—Employees of this division of the Jersey Central railway, it is said, have voted almost unanimously in favor of a strike, providing Vice President Warren still persists in refusing Brotherhood officials a conference. It is believed here that Vice President Warren will ask the grand officers and various brotherhood officials to return to New York and discuss the conditions. The men on this division are well organized. They say that if Vice President Warren maintains the attitude which rebuffed the grand officers of the brotherhood, a strike is expected by Wednesday or Thursday. The strike will be more serious to this region than any other along the Jersey Central railroad, as it would compel the suspension of work in many mines which have no other outlet for their product, and would force about 13,000 miners to quit work.

Morrissey's Views.

Cleveland, April 9.—Grand Chief Morrissey of the Brotherhood of Railway Trainmen, who has just arrived home from New York, said that notwithstanding the failure of the various heads of labor organizations to secure a conference with Vice President Warren, he still thought the trouble on the Jersey Central Railway would be settled satisfactorily to all concerned without a strike. "It is true," he said, "that the entire question has been referred to the various labor organizations on the Central road, and they are taking a vote to decide whether or not a strike shall take place. I am inclined to think, however, that we shall reach an agreement with the company before it will be found necessary to adopt such a radical measure."

Sargent Says Nothing.

Peoria, Ill., April 9.—Frank P. Sargent, grand master of the Brotherhood of Locomotive Firemen, has just returned from New York, where he had been summoned to attend a conference of officers of the different brotherhoods which had been called to discuss the trouble of the men with the Central Railway of New Jersey. He refused to discuss the outcome of the trouble.

Panama Proposed.

Pittsburg, April 9.—The annual meeting of the stockholders of the Pittsburg, Cincinnati, Chicago and St. Louis railway was held here. The annual report was submitted, covering about 1,400 miles of railroad. The results for the year were as follows: Gross earnings \$2,264,923; expenses \$1,507,314; add other income \$241,170; net total \$5,998,780; out of which there was paid for interest on bonds, rentals of leased lines, etc., \$3,616,429, leaving a net income for the year of \$2,382,350. The board of directors being classified, there were only three vacancies, and the following were re-elected: J. T. Brooks of Salem, O., Amos R. Little and Samuel Rea of Philadelphia.

The Weather.

For Ohio and West Virginia—Generally fair; fresh north winds.

DROPPED BY DE GIERS

Will Not Further Discuss Manchurian Subject With Chinese Envoys.

CAUSE OF THE CHINESE REBELLION.

Celestials Claim the Emperor Provoked The Insurrection by the Edict Threatening to Punt-h General Tung—Walderssee's Birthday.

Peking, April 9.—The Russian minister to China, M. De Giers, responding to the letter from Prince Ching and Li Hung Chang regarding Manchuria, merely refuses to hold further communication with them on the subject of the treaty.

The Mongolian prince, Olaskan, father-in-law of Prince Tuan, proves to be an important factor in the rebellion now in progress. He urged the rebellious troops to march to Sian Fu.

Chinese knowing General Tung Fu Sian say the emperor brought the rebellion upon his own head when he published the edict threatening the general with future punishment. On account of his present power and influence General Tung Fu Sian would not permit this, and naturally desired to prove that power. He has the entire Mohammedan population with him. Prince Tuan has also a long following, while Prince Olaskan controls the entire province of Mongolia.

The German minister, Dr. Mumm von Schwarzenstein, entertained all the ministers at a dinner in honor of the anniversary of the birth of Count von Walderssee.

Only One Way to Oust Russia.

Berlin, April 9.—Russia's declaration renouncing a separate agreement with China gives great satisfaction in official circles, since it removes all separate negotiations from having further influence upon the diplomatic situation at Peking, and the general negotiations can now proceed uninterrupted. It is said in official circles that it was to be expected Russia would not withdraw from Manchuria, and now any power proposing a withdrawal must be prepared to attempt to oust her by force.

Russia Is Not Worried.

St. Petersburg, April 9.—The Novoe Vremya avers that Russia has no cause for uneasiness regarding Manchuria. She possesses separate agreements with the governor of each of the three provinces, which remain in force. In the future if China desires her former position restored, she can at any time sign the treaty in her possession. The St. Petersburg Zeitung says: "Russia is free to act in Manchuria for the preservation of order as her judgment directs."

Japan Not Yet Satisfied.

Yokohama, April 9.—The dissatisfaction of Japan with Russia's action is not in regard to the Manchurian agreement, leading papers here affirm, but with Russia's action in Manchuria. Hence Japan declines, according to an important section of the press, to consider the abandonment of the agreement as a final settlement of the Manchurian question. It is urged that this question should be brought before a conference of the ministers.

Arrivals From the Orient.

San Francisco, April 9.—Among notable arrivals by the China were A. De Fombler of the German navy, Viscount de Gulchen of the French diplomatic corps, Dr. Robley H. Brown of the British navy, and the Rev. Y. J. Allen, one of the most distinguished American missionaries in China. The Rev. Mr. Allen, who has resided in the orient 50 years, is making a visit to his old home in St. Louis.

Loubet at Gambetta's Tomb.

Nice, April 9.—President Loubet, accompanied by the French ministers and other officials, placed a crown of flowers upon Gambetta's tomb. He expressed the hope that the French parliament would soon vote to transfer the remains to the Pantheon. It is hoped that this transfer may be accomplished by July 14, the French national holiday.

Royal Guests Leave Denmark.

Copenhagen, April 9.—Queen Alexandra and the Dowager Empress of Russia have left Copenhagen. Queen Alexandra will go to Cronberg to visit Empress Frederick, and the dowager empress will proceed to St. Petersburg. King Christian and other members of the royal family bade them farewell at the railway station.

Damages For a Lynching.

Washington, April 9.—The Mexican ambassador received from the secretary of state a draft for \$2,000, paid out of humane consideration, this without reference to the question of liability, as full indemnity to the heirs of Florentino Suast, a Mexican citizen, who was lynched in Lasalle county, Tex., in 1895.

HON. W. A. BYRON, of Brooksville, is announced as a Democratic candidate for Senator in the Bracken-Pendleton-Grant district and should the good people elect him they would not only bestow an honor on a worthy man, but would be honoring themselves, as Mr. Byron would take a place with the leaders of that branch of the Legislature. He is an eloquent and forceful speaker, a brilliant lawyer and a good, steady business man, and would endeavor to give the people of the State the wise and substantial legislation they desire.

"SICKENING AND SHOCKING."

The distinguished editor of the Lexington Herald, erstwhile supporter of the present National administration in much that has been done in carrying out the McKinley-Hanna colonial policy, is evidently disgusted with certain recent unsavory developments at Manila. And well he may be. Hear what he says:

The thefts in the commissary department in the Philippines have gradually undergone euphemistic changes until all guilt has disappeared and soon commendation will take the place of condemnation. At first they were defalcations, thefts, frauds. Then General Corbin "was skeptical." Then General MacArthur reported that "the frauds were not sufficient to cause concern," and "the press reports were misleading." Then the frauds became "irregularities." Now they have become "differences of opinion"—what a pleasant and oleaginous phrase!—as to the construction of some army regulations about "savings" and the power of "sales." And even whitewash will not be needed to restore the unfortunate robbers to the confidence of the Adjutant General and his friends.

All this is sickening and shocking. It is known all over America that in the Philippines have been frauds, dishonest dealings with the inspectors, and much peculation. Not a peculator or defaulter in Cuba has yet been brought to trial; not a fraud committed at Washington has been punished. The peculations and frauds in the Philippines may be slurred over, but they will remain a stain as does the miserable "embalmed beef."

HANNA WANTS IT.

The Boss Has Candidate For Solicitor of Internal Revenue—Judge Pugh May Not Get It.

[Courier-Journal Special.]

Former Congressman Pugh may encounter some difficulty before being appointed to the Solicitorship of Internal Revenue, shortly to be vacated by Judge G. M. Thomas.

Senator Hanna is said to have had a candidate for the position for several months, and since the announcement that Judge Thomas' resignation was in the hands of the President two new applicants have come to the front.

The position is a very desirable one, paying \$5,000 a year, and if held open very long a scramble is likely to ensue, which will not add to Mr. Pugh's chances.

It has developed that Solicitor Thomas' resignation has been in the hands of the President for nearly a month. At the time the fight over the Kentucky Judgeship was hottest the resignation was tendered in order that Mr. Pugh's prospects would not be injured by Judge Thomas holding an office.

MASON'S REPRESENTATIVES.

It Was Their Votes That Kept the State From Seceding. So Writes a Former Citizen.

MONTGOMERY, WEST VIRGINIA, April 6, 1901.

Messrs. Rosser & McCarthy, gentlemen:—In the BULLETIN of the 1th instant, you copy from the "Courier-Journal," "That the late Hon. T. F. Marshall, while a member of the Kentucky Senate in 1861, cast the deciding vote which kept the State from seceding." You say is not correct. You are right that far.

The representatives in the Legislature from Mason County, Esquires Lucien Luttrell and George L. Forman, prevented by their votes the secession of the State. Yours truly,

JOE F. BRODRICK.

Holds Up a Congressman.

"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by J. Jas. Wood & Son, druggists.

KENTUCKY CROPS.

Cool, Cloudy Weather Has Retarded Growth of Vegetation, But Wheat Shows Improvement—The Fruit Prospects.

[Weekly Bulletin of the Weather Bureau.]

The weather was cold and cloudy, with frequent cold rains. The rainfall was generally about normal except in the southern and southeastern portions of the State, where it was rather heavy. The low temperatures checked the growth of all vegetation, but nothing suffered any permanent injury.

Wheat has improved considerably and seemed not to be affected by the cool weather. The prospect for the crop is much better than it was March 1st, but still is far from satisfactory.

Tobacco plants are up and growing slowly, but are in healthy condition and only need a little warm sunshine.

Corn land is about all broken, but very little planted. Oats and rye all sown. Winter oats and the early spring sown that are up look fairly well.

Fruit is quite backward, which is very favorable, as it lessens the danger from frost. Peaches in the western and southern portions are beginning to bloom, but through the central and northern portions will not bloom for a week or ten days yet. The prospect for all varieties of fruits is excellent.

Very little gardening has been done, due to cool weather and rain. Clover winter killed badly in many localities and grass in pastures and meadows is backward. Farm work has been delayed by rainy weather, but is not far behind.

HAYSWOOD SEMINARY.

Rev. Dr. Kinsey Smith, of Louisville, an Eloquent Pulpit Orator, To Deliver the Annual Commencement Address.

The class in physical culture at Hayswood will give its annual exhibition at the opera house May the third. This exhibition which always marks the class of that department of work at the seminary promises an unusually attractive program for this year.

Following this entertainment the first week in June will come the regular commencement exercises of the seminary. Hayswood is most fortunate in having secured Dr. Kinsey Smith, of Louisville, to deliver the annual commencement address. Dr. Smith is one of the most gifted pulpit orators of the State, having recently come from Baltimore, Md., to the pastorate of the Fourth avenue Church of Louisville. This will be the first opportunity offered the citizens of Maysville to hear him, and we can bespeak for him already their warmest appreciation and a most cordial reception.

PAVING BRICK PLANT.

One May Soon Be Started in Charleston Bottom Where There is a Fine Bed of Clay.

Mr. R. A. Masterson, of Manchester, who has had many years of experience in the making of brick, was in Maysville Tuesday, conferring with certain gentlemen with a view of establishing a paving brick plant near Broshears Station, on the C. and O., three miles west of Maysville.

Just north of the C. and O.'s track, extending through Charleston Bottom, there is said to be an inexhaustible bed of fine clay suitable for the manufacture of this kind of brick. A few years ago, Mr. Masterson and Capt. Newton Cooper procured samples of this clay, sent it to Middleport and had it tested, and it produced an unusually fine paving brick. Last week, Mr. Masterson took a sample brick to Cincinnati and showed it to a contractor who is engaged on a big tunnel for the new Queen City water plant. Without being informed as to the facts concerning the sample, the contractor said, "I'll take all the brick of that kind that you have got. I have use for over 1,000,000 right now."

Mr. Masterson is trying to interest some Maysville gentlemen in the enterprise.

In addition to the clay suitable for paving brick, there is not a finer location along the Ohio for a building brick plant.

A CLOSE CONTEST

Was the Basket Ball Game Last Night Between the Yankees and Cowboys.

Last night the Y. M. C. A. gymnasium was again crowded to see the Yankees and Cowboys play their last game, each team contesting for first place in the tournament. The game was rapid and interesting from start to finish. At end of first half the Yankees had the game by four points. After the usual ten minutes rest the play was resumed with greater spirit than ever.

The Cowboys seemed awake to the fact that they had some hard work to do if they won the game. After a few passes and movements on the floor the ball went in the Cowboys' goal from the center's hands. Thus encouraged an attempt was made to repeat the offense, which was successful. After this the score was kept close, both sides fighting hard. The close showed a score of 11 to 12 favor of the Cowboys.

The case against Wm. Chambers, the negro charged with breaking into the Bee Hive, was called in the Police Court Tuesday, but was postponed until 2 o'clock this afternoon.

A board of engineer officers, consisting of Colonel G. L. Gillespie, Major W. L. Marshall and Captain Edgar Jadwin and two medical officers to be detailed later, has been appointed to meet in New York City for the examination of Lieutenants of the line of the army, with a view to their transfer to the corps of engineers. The board will also formulate questions and arrange for the examination of candidates now serving in the Philippines, in China and in Alaska, who may be ordered examined for transfer.

The Lovell & Bullington Tobacco Company, of Covington, has been reorganized and its capital stock raised from \$300,000 to \$500,000. The new corps of officers are as follows:

Secretary—Charles J. Davis.
Directors—B. D. Best, Charles J. Davis, W. H. Whiteman, J. E. Mitchell and L. O. Hamilton.

"The company's business has been growing so rapidly that preparations are being made to build an addition to the present large factory," says the Western Journal. Mr. Best, the President, is a brother of Mr. Thomas L. Best, of this county.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for coughs, colds and all throat and lung troubles by J. Jas. Wood & Son. Price 50c. and \$1. Trial bottles free.

I Don't Want to Worry My Friends Nor The Public, But I Certainly Am Going to Retire From Business,

And at least want my friends and past patrons who have so generously patronized me in the past fourteen years to enjoy the benefit of getting some of the finest Clothing ever brought to Maysville

AT LESS THAN THE COST OF PRODUCTION!

I have never been the one to sing my own song of praise and will not now, on the eve of my retiring from business, but leave my old patrons the sole judges of the class of CLOTHING I have always handled. To those who have not had an opportunity to know our Clothing I will ask that you call and look at them. I will soon send what I have left to Cincinnati to be sold to merchants, and many of them may be brought back to Maysville and sold to you at double what I ask for them. Respt.,

The Passing of Easter

Reminds us that time is on the wing, and with its passing have gone and been numbered among the things beyond the flood, many golden opportunities which, had they been embraced when offered, might have brought enduring fame, great fortune or lasting good, and, may be, all these; but alas! unalterable fate decrees that opportunities once passed never return.

There Are Opportunities Remaining, However!

So let us be watchful, and catch and use them as they come. Among them, rare and valuable, now being presented for acceptance, is that of being able to buy Shoes from our closing sale of the quality and at the prices offering for a short time only. The stock is new, the leathers the best, the styles the latest, and right from the factories where they were made to our order. It will pay you to anticipate your wants and "lay up" for the future, otherwise you may write a "lost opportunity." Come to the assignee's sale of

"ZWEI KOPFE SIND BESSER ALS EINER!"

(TWO HEADS ARE BETTER THAN ONE.)

That's an ancient maxim, which loses none of its truthfulness with age. Most of you will recognize the old saying, though the tongue, which has been imported for the occasion, may not seem so familiar.

"Zwei Kopfe Sind Besser Als Einer!"

Don't imagine you know it all. Go home and talk it over with your "frau." When it comes to the value of an opinion, her's can't be beat. She will decide the question to the entire satisfaction of all.

"Zwei Kopfe Sind Besser Als Einer!"

After you have fully decided to give the "old homestead" that long-promised coat of paint, come and let us figure with you. We also want to show you the latest thing in Window Screens, and other goods that have been built for your comfort during the summer months. Come in and talk it over with us and put yourself in the way of saving money. We know that we can help you do this if you give us the chance. "Two heads are better than one."

LEVEL CULTIVATION.

A Writer Tells How He Raised 320 Bushels of Potatoes Per Acre.

[Drainage Journal.]

During the present season we have have grown the largest yield of potatoes in an experience of more than forty years, the yield being 320 bushels of good marketable potatoes per acre, which does pretty well for one of the theoretical editors of an agricultural paper, as we are often supposed to be. If any of our country cousins can beat it we shall be pleased to hear how they did it, and if they do we will take off our hats to them.

The land is well underdrained. Early in the season, as soon as the soil would pulverize well, we took a disk harrow and disked it both ways to the depth of three and a half inches and then harrowed it until the soil was as fine as we could make it. Then with the breaking plow it was turned or broke to a depth of six inches. After this preparation of the soil we crossed it off, making the furrows as much as five inches in depth and thirty inches apart, planted Early Ohio potatoes, cut to one and two eyes to the pieces, the pieces being dropped eight inches apart, or as near the distance named as we could conveniently, covering the same about three and a half inches. After planting, the land was rolled and harrowed until level. The potatoes came up evenly, grew rapidly, were given level cultivation and were ready for marketing August 15, were large, sound, well matured, and were highly prized by purchasers as being exceptionally good for table use.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

EAST LESTER, April 9.—Abe Hauke and wife visited their grandparents, Mr. and Mrs. James Ensor, at Orangeburg, Sunday.

Miss M. J. Nelson visited friends in Maysville from Saturday until Monday.

Miss Pearl Reighie and brother Stanley visited friends at Washington Saturday and Sunday and attended the Japanese lecture at that place Sunday night.

Tom Lashbrook and Van Gallagher and Harry Smith returned from Rushville, Ind., Friday, where they had been called to identify a colored man who had died and was buried at that place four months ago. They were called there at the instance of a woman who claims to be his sister and who by establishing his identity would inherit a considerable amount of money and property which deceased left. The body was exhumed, but the above named parties failed to identify the remains. Deceased had belonged to Mr. Lashbrook in slavery days, though that gentleman failed to note any resemblance to his former appearance. Messrs. Gallagher and Smith had formerly known him, but failed to positively identify him. Nevertheless the scars were found on the shoulder, front and back, as the result of a gunshot lullied by Gallagher himself, and also another scar that he was aware of, although Uncle Van says he cannot account for the long straight hair. He says he had no disagreeable feelings while examining the lifeless remains, which were in good state of preservation except the face being covered with a white mold, but the night after he came home he "just saw that nigger all night."

COTTAGEVILLE, April 8.—Wheat and grass growing nicely. Plowing and the planting of gardens has been somewhat retarded by the recent rains.

Miss Katherine Barkley has returned from Mason County where she recently closed her school. Claid M. Osborn has returned from Shelbyville where he has been attending school.

Arbuckles' Roasted Coffee

Makes more cupfuls of better coffee to the pound than any of its imitations

Is prepared by an individual firm who made their reputation many years ago; who intend to maintain it as long as the people appreciate good, pure coffee, at an honest coffee price. If others imitate Arbuckles' coffee, that's their business; if you prefer an imitation coffee, that's your business. But you'll find that it's economy to pay a cent a pound more for Arbuckles' Ask the grocer for Arbuckles' Roasted Coffee, the original package coffee, and refuse imitations under any other name.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you present a certain number of signatures from the wrappers at our Notion Dept. Look for the list.
